We will only arrange for funds to be debited from your account:

- As authorised in the direct debit request
- In accordance with a notice issued to you specifying your deposit premium instalment options and your selection of what instalment option you choose to pay your premium.
- On receipt of your estimated wages for the policy year we will in accordance with the applicable Insurance Premiums Order send you advice of the revised amount that will be debited from your account.
- If we receive further advice of your estimated wages and activities for the policy year we may send you advice of the revised amount payable for the remainder of the policy year and further vary the amount debited from your account provided that such variations to your workers compensation premiums are permitted by the applicable workers compensation Acts, regulations and notices.

The first drawing under this Direct Debit arrangement will occur on the due date of your next instalment, provided your instructions are received 10 days before due date.

If the Debit Day falls on a day that is not a business day, we may direct your financial institution to debit your account on the next business day.

- We will keep any information (including your account details) in your direct debit request confidential and will only disclose information we have about you:
 - To our financial institution to initiate the drawing to your nominated account;
 - To the extent specifically permitted by law; and
 - For the purposes of this agreement including disclosing any information in connection with any query, dispute or claim.
- We will make reasonable efforts to keep any information in your direct debit request about you and your accounts secure and to ensure that any of our employees or agents who have access to information about you do not make unauthorized use, modifications, reproductions or disclosure of that information.

Your Rights

Changes to the Arrangement

You may change your account by providing us with a revised Direct Debit Request. Your new instructions need to be received in our office at least 10 days before the next Debit Date for the changes to take effect.

If you wish to stop a Debit Payment you must advise us at least 48 hrs before the next scheduled Debit Day. If you do not pay the amount of this stopped payment to us by the Debit Day then your ability to pay your premium by instalments will be forfeited and the remaining amount of your premium will become due.

You may also cancel your authority for us to debit your account at any time. However, you must contact us at least 48 hrs before the Debit Day, and if you do not pay the instalments under your policy by the due date then your ability to pay your premium by instalments will be forfeited and the remaining amount of your premium will become due.

Any unpaid amounts will be subject to late payment fees compounded monthly at the applicable rate.

Your Commitment, Obligations and Responsibilities to us

It is your responsibility to ensure that:

- Your nominated account can accept direct debits, as not all accounts of all financial institutions are able to accept direct debits. (Your financial institution can advise if your account can accept direct debits.)
- Your account details that you have provided to us are correct. These details can be checked against a recent account statement. If you have any queries on how to complete the Direct Debit Request Form please see your financial institution. Errors on the form may cause the debit payment to fail and your right to pay your premium by instalments will be lost and the remaining amount of the premium will become due. Any unpaid amounts will be subject to late payment fees compounded monthly at the applicable rate.
- On the drawing date there are sufficient cleared funds in your account to allow the debit payment to be made. If there are insufficient clear funds in your account then:
 - Your rights to pay your premium by instalments will be lost and the remaining amount of the premium will become due. Any unpaid amounts will be subject to late payment fees compounded monthly at the applicable rate;
 - You will be charged a fee to reimburse us for the charges we have incurred for the failed transaction; and
 - Your financial institution may also charge you a fee and interest.
- You advise us if the nominated account is transferred or closed and advise us of how you intend to pay the remaining balance of your workers compensation premium.

Disputes

- If you believe that there has been an error in debiting your account, you should contact us and confirm the details in writing to us as soon as possible so that we can resolve your concerns promptly. Our contact details are shown at the end of this agreement.
Note: Your financial institution will ask you to contact us to resolve your disputed direct deposit prior to them commencing to investigate your claim.
- If our investigations show that your account has been correctly debited, we will provide you with reasons for our view and provide you with copies of evidence supporting this finding.
- You will receive a refund of the drawing amount if we cannot substantiate the reason for the drawing.
- If you are not satisfied with our response contact your financial institution who will respond to you with an answer to your claim:
 - Within 5 business days (for claims lodged within 12 months of the disputed direct debit); or
